

Blight Removal on Main Street

Scope of Work

The Department of Housing and Community Development awarded a Strategic Demolition Fund grant to the Town of Rising Sun to demolish three blighted structures on East North Main Street and Cherry Street. The properties have been vacant for many years and suffered from deferred maintenance. The Town has determined that the properties are unsafe, and the extent of repairs needed makes fixing them impractical. Consequently, the Town acquired the properties with the intent to demolish them to clear the land for future redevelopment.
